

## **Schoolhouse Press Pattern 46 (SPP 46) Frame Saddle Jacket**

### **Clarification**

#### **p. 2**

In the first paragraph of the "Frame" section on page 2, two stitches are marked with coilless pins. These marked stitches will be the first of 3 stitches used in completing the cdds during the remainder of the Frame instructions. Some knitters are familiar with marking the middle of the 3 stitches for a cdd. In this case the first stitch has been marked.
